MUCH KICKING ON OGDEN LIGHT RATES

Municipal Lighting Plant May Be the Outcome of the Agitation.

Special to The Tribune.
OGDEN, Nov. 19.—The action of the Chamber of Commerce Wednesday night regarding the electric light rates charged consumers of the city, as told in The Tribune, was the subject for much favorable comment Thursday.

For some time this matter of exorbitant charges for illumination has been criticized by the business men of the city and it was deemed a feasible plan to construct an independent power system, for the purpose of generating power sufficient to light the business section of the city.

The action of the Chamber of Commerce, by placing itself on record as favoring the erection and ownership of a municipal lighting plant, is regarded by some business men as a suggestion which appears the most feasible at this time, especially as the recently secured waterworks plant, which was bought by the city from the Ogden Waterworks company, it is believed will give the city sufficient power for the plant.

It is a matter of general understanding that the people of this city are now paying 40 per cent higher rates for lights than should be rightfully charged, taking into consideration the cost of production, and a fair return to the power people upon their investment.

SMOOTH HARRY ADAMS MAKES HIS GETAWAY

Special to The Tribune.
OGDEN, Nov. 19.—Since his release from the city jail under a bond of \$50, Harry Adams, now believed to be one of the smoothest "sawdust" men in the west, has made himself scarce, and the police are longing to get him back in their clutches. Adams is believed to have been operating in this territory for several weeks, and had associated with him a trio of equally clever crooks.

When arrested several days ago he was booked at the police station charged with frequenting an opium den, in which he was found by the arresting officer. Fearing that his trial on this charge would be the means of connecting him with other crimes more serious, he grabbed at the chance to leave the jail by depositing \$50 bail, which was furnished supposedly by one of his pals on the outside. Adams is now believed to have been the man who separated an aged traveler from \$50 at the Union depot a few evenings ago by working the "fellow traveler" act.

SANITARY INSPECTOR WILL SUBMIT REPORT

Special to The Tribune.
OGDEN, Nov. 19.—Sanitary Inspector George Shorten has just completed his inspection of all ice houses and ponds in the city, and will make a report to the city council which will show that everything has been found in an unusually clean condition in connection with each.

There is one thing which the inspector has found, and which the authorities of the city will be obliged to take radical measures to prevent if continued, that being the habit of some of piling rubbish and garbage near the running streams of the city. While all streams are found to be totally free from garbage and filth, the few ponds are being cleaned and made ready for the inspection of the state health officials.

OGDEN, Nov. 19.—Beginning Friday the working hours of the employees at the railroad shops of this city will be increased from eight to nine hours a day. Since the entire force was put to work last spring the work in the shops has been easily taken care of by eight hours' work each day from the several hundred employees. Recently there has been a congestion of work at the shops, necessitating the change, which is received with joyousness by the force, as it means an increase of wages.

REPUBLICAN PRIMARIES ARE HELD AT OGDEN

Special to The Tribune.
OGDEN, Nov. 19.—Republican primaries were held in the five wards of the city tonight for the purpose of naming candidates for the board of trustees of the city schools. In each of the wards considerable enthusiasm was in evidence. This was especially noticeable in the first, where the friends of William Moyer sought to obtain his nomination, but their candidate met with defeat at the hands of Hyrum Pingree, by a vote of 112 to 50. In the other wards the nominations were made by acclamation. Thomas Carr, the only Republican now holding a position on the board, did not stand for re-nomination. The nominees are as follows: First, Hyrum Pingree; second, Herbert Adams; third, James Mack; fourth, Dr. C. E. Coulter; fifth, J. C. Nye. The Democratic primaries will be held Friday evening.

JUSTICE GEORGE E. LEE SWAMPED WITH CASES

Two Men Before Him on Forgery Charges; Others in Court.

Special to The Tribune.
BINGHAM, Nov. 19.—A number of important cases were called before Justice George E. Lee this afternoon, and justice was meted out to two forgers and several others.

Dan Mylera was given a sentence of forty-five days in the county jail at Salt Lake City, for passing a forged check on the Ogden State bank, and was also fined \$250. The check was drawn on the Ogden State bank, and was made out by Mylera in favor of himself. The latter advanced Mylera \$30 on the check, and later when he telephoned the Ogden bank, found out that Mylera was not even known there. It is understood that Mylera has served a term in the Wyoming state prison, and on this account the county attorney asked for a straight jail sentence, which was given.

Walter Gray, alias Harry Green, was sentenced to the county jail at Salt Lake City for thirty days or to pay a fine of \$30 for having passed a forged check on Frank Ford, the local restaurant man, for \$5. The check was drawn on the National Bank of the Republic of Salt Lake City, and was signed by A. N. Lee. The similarity of the handwriting led to his arrest. J. Delaney, charged with breaking into and entering the objects boarding house a week ago, and the larceny of a suitcase, was given a sentence of thirty days in the county jail, with the alternative of paying a \$50 fine. These men were not able to settle the amount of their fines and were taken to Salt Lake City this afternoon.

Jasper Murrell was held for the district court without bail, on a charge of having assaulted J. J. Brown, a bartender at the Red Light saloon, with a deadly weapon. Murrell entered the saloon on October 21, and demanded a drink. When it was not forthcoming, he drew a revolver and pointing it at Pino, attempted to fire it four times. The hammer failed to work. Murrell was then disarmed and the weapon taken from him.

J. Brownson was charged with assault and battery upon several employees of the Boston Consolidated Mining company. He was released in the custody of the sheriff, and his case taken under advisement. It was alleged that Brownson picked up a monkey wrench and some other tools and attempted to strike several of his fellow employees.

MAYHEM COMMITTED IN BINGHAM SALOON

Special to The Tribune.
BINGHAM, Nov. 19.—As the result of a quarrel in the Old Crow saloon, this evening, Mark Dunkley, a young man, is minus his right arm, it having been cut off by Tommy Urm. Urm had some trouble with a few men who were drinking in the saloon, and Dunkley broke in, endeavoring to settle the dispute. Urm turned upon him, and during the scuffle which followed, caught hold of Dunkley's arm. Urm then made his escape, and the police are looking for him. Dunkley was taken to the Bingham hospital, where he received medical treatment. He will be discharged for life.

MURRAY NEWS NOTES

Special to The Tribune.
MURRAY, Nov. 19.—Work is being rushed on the new volunteer fire station so that it will be in readiness for the fire ladders before the snow flies. The interior of the building is being fitted up with steam heat, radiators being placed on both the upper and lower floors. The hose drying process, which has been used in the past, is being abandoned, and the shaft taken out of the center. This leaves a great deal more additional space. The walls are almost dry and it is expected that within the next two days active preparations will be under way to place the "gym" in devices in the places. The Murray firemen have now one chemical engine, one hook and ladder truck and two hose carts. They have about twenty-five members on the roll and it is now a permanent organization.

The franchise that is to be granted to the Utah Light and Railway company by the Murray city council is still hanging fire. At the last meeting of the Murray aldermen Mayor Wilson and the councilmen from Sandy were present; also three members of the Bingham Junction Commercial club, and four members of the Murray Promoting association. The proposed franchise was read in sections and then debated by all present. It was passed favorably upon, and the feeling of the franchise will be the removal of the track from its present location to the center of state street. The final hearing will be had next Tuesday evening.

The stork left a boy at the home of Mayor Charles Brown Monday.

BRIGHAM CITY NOTES

Special to The Tribune.
BRIGHAM CITY, Nov. 19.—Notice has been given out and a meeting is being done by the board of education of the Box Elder school district for a school election to be held on Wednesday, December 2, for the purpose of electing five members of the board, as follows: One from precinct No. 1 for a two-year term, one from precinct No. 2 for a four-year term, one member from precinct No. 3 for a term of two years, one member from precinct No. 4 for a four-year term, and one member from precinct No. 5 for a term of two years.

Two little girls of Mr. and Mrs. William Kotter got lost Tuesday afternoon while Mrs. Kotter was in town shopping. The Kotters live about two miles north of this city. The little girls who are but 6 and 4 years old, respectively, strolled away from their mother to visit their grandmother. The way was pointed out to them, but they got lost and kept wandering farther and farther away. At nightfall Mrs. Kotter became almost frantic at not being able to locate the little tots and the citizens were called out to assist. A rigid search was made and it was not until a late hour that they were found. They were roaming on the barren in the neighborhood of the city cemetery, a most desolate place for the little girls at such a late hour.

Provo News Notes.

Special to The Tribune.
PROVO, Nov. 19.—Michael J. Ryan, who was convicted in the fourth district court in Utah county, February 16, 1905, of burglary, and is now serving an eight-year sentence in the state prison, will ask the pardon board on Saturday next for commutation of sentence to six years.

Ryan was charged in connection with Frank Gayne with burglarizing the residence of Samuel R. Thurman of Provo, and at the trial both men were convicted. Ryan receiving a sentence of eight years and Gayne five years. Gayne's term expired last June, and now Ryan wants his term cut down. Booth & Cluff of Provo have taken up the matter of securing a commutation for Ryan, and an effort will be made to have the petition acted upon at the meeting of the board on Saturday.

George Theriot, a clerk in the Provo postoffice, is suffering with an injured eye, caused by the glass enamel of a fancy

postcard breaking while Mr. Theriot was putting it through the canceling machine, breaking off and passing through the eye-socket, striking him in the eye.

Husband May Not Prosecute.

Special to The Tribune.
PROVO, Nov. 19.—It is probable that J. Gerr and Mrs. George Shelton, who were arrested in a rooming house here last night on a statutory charge, may escape prosecution. Mr. Shelton, husband of the woman in the case, was notified of his wife's arrest and came here with Sheriff Bonner from his home in Heber City today, and it is understood that there will be no complaint sworn to, in which case Mrs. Shelton and Gerr will be released.

In Judge Armstrong's Court.

There were several arrangements of criminal cases before Judge Armstrong Thursday morning, but all the cases went over to Monday, on account of the Vance murder case.

W. L. Dunn was appointed attorney for George Wilson, charged with robbing an officer, James F. Smith counsel for M. O. Brady, charged with grand larceny, and E. C. Ashton guardian ad litem and attorney for Joseph Gardner, charged with robbery. The cases of Charles Lade, robbery, and Gus Cravens, burglary, were continued until Monday, also.
